

Passport Information

Residents of North America must hold a US or Canadian passport valid for at least 6 months from your last day in Israel. If you are not a North American citizen, you may need a visa and have other restrictions; please contact your closest Israeli consulate for more information.

If you do not already have a passport, you should begin obtaining a passport as soon as possible. You will be required to provide your passport number and a photocopy of your passport. No one can travel to Israel without a valid passport.
